Because Lighting Speaks Volumes

Description

Delight in traditional elegance with a twist. Traditional, classy design and contemporary style become one in this magnificent indoor hanging chandelier. Encased in elegant bowl-shaped amber alabaster glass. Alabaster glass features beautifully unique patterned swirls. Thick and durable, alabaster diffuses light evenly in all directions and minimizes harsh shadows for a pleasantly uniform glow. Filtered light subtly accentuates swirls, resulting in charming wispy highlights. These gorgeous swirls make each amber alabaster bowl shade one-of-a-kind and complementary to other alabaster shades wherever placed. Redefine classic elements with the contemporary. Delight in transitional design that complements surroundings and décor with the best of both modern and traditional elements. Experience the powerful, intricate beauty of hand-forged wrought frontier iron. Majestic frame flaunts graceful loops, elegant curls, and intricately twisted rods and trims. Lofty curls are purposefully composed of thin, flat rods, adding soft elegance to bold strength. Such thin rods, sharp twists, and detailed curls are exclusive to wrought iron and cannot be created with any other metal. Master blacksmiths individually forge, twist, and hammer this rare, extraordinary design. Complements dining rooms, kitchens, restaurants, and many other indoor areas. Relish in sleek, exquisite style with this bold piece.
