Description

This indoor ceiling fan warms surroundings with mesmerizing elements. Included integrated light kit contains candle-flame light bulbs and charming sandstone glass shades that showcase a one-of-a-kind, stylishly low-cut design. Thick, durable sandstone glass evenly distributes a warm glow and minimizes harsh shadows for a delightfully cozy ambience. Delight in transitional design that complements surroundings and décor with the best of both modern and traditional elements. Timeless frames and intriguing sliced contemporary shades are sure to captivate passerby. Experience the superior quality of high-grade silicon steel. Silicon steel's high efficiency and quiet operation are superior to the average cold-rolled steel used in other fans. High-quality, long-lasting rigid aluminum hanger ball features excellent durability and endures fan rotations efficiently. Fan blade position is interchangeable and offers remarkable versatility for interior design. Each blade comes in a refreshing, brilliant pecan color on one side and in a rich, sophisticated walnut color on the other side. Change up your spaces by flipping the blade color for an exciting new look. Quickly and easily change the direction of fan blade rotation with the flip of a switch. Integrated switch allows for convenient reversal of fan blade rotation. Enjoy three fan speeds—fast, medium, and slow. Different speeds allow for quick and easy change of air flow. Fan frame and integrated light kit is beautifully and evenly finished in rich foundry bronze individually handpainted by master artisans. This fixture also features a 13° blade pitch and 172 mm x 17 mm motor. Complements bedrooms, living rooms, dining rooms, kitchens, and many other indoor areas. Feel confident in a stunning, quality product. Each indoor ceiling fan fixture comes with a limited lifetime warranty. A FREE hand-held remote control is complementary with each purchase. Handy remote control allows for wireless full range light dimming and quick/easy change of fan speed.
