Description

Inspired by celestial beauty, this indoor convertible hanging pendant is perfect for those looking to optimize illumination to the fullest. Conveniently installs as either a pendant or semi-flush mount ceiling fixture. This piece contains an impressively wide elegant white alabaster bowl resembling the moon's all-encompassing radiance. Alabaster glass features beautifully unique patterned swirls. Thick and durable, alabaster diffuses light evenly in all directions and minimizes harsh shadows for a pleasantly uniform glow. Filtered light subtly accentuates swirls, resulting in charming wispy highlights. These gorgeous swirls make this alabaster bowl one-of-a-kind. Trims are ringed with magnificent orbit-like sphere adornments. Delight in transitional design that complements surroundings and décor with the best of both modern and traditional elements. Beautifully even prairie rock finish is individually and expertly handpainted by master artisans. Stylish prairie rock showcases an organic, stone-like appearance with subtle luster and an expensive look. Complements islands, bars, dining rooms, kitchens, restaurants, and many other indoor areas. Choose heavenly brilliance with this captivating piece.
