Product Features

Application: Wall wash down light trim, 1-inch maximum ceiling thickness. The white "kicker" reflector intensifies the smooth wash of illumination with minimal glare, Used with incandescent or fluorescent lamp housings.

Material: One-piece spun aluminum construction. Integral trim ring and kicker are painted white. Trim is retained to socket via spring clips.

Listing

UL & CUL listed. Suitable for damp locations.

W.A.C. reserves the right to change details that do not affect overall function and performance.

Socket cup adds a maximum of 2 1/8" to the height of the trim when used with frame in housing
