INSTALLATION INSTRUCTIONS

① Install the counter. Seal around the top of the cabinet with clear silicone sealant. Do not over apply. Allow to dry 24 hours for proper curing.

② Install the mirror: use a pencil to mark the placement of the screw holes on the wall, drill the holes and insert the plastic wall anchors.

③ Install the screws into the wall anchors, leaving enough of the screw exposed to hang the mirror - approx 1/4" -1/2".

 Remove the handles from inside the cabinet doors and drawers and reinstall on the outside. Do not over tighten when reattaching.
