

Rod mount fixture: Usetheswivel included or the swivel from your fixture kits. Do not useplasticconnectors.

Cord mount fixture: Usetheplasticconnectors included or use the plastic connectors from your fixture kits. Do not use theswivels.

- 1-Fasten mounting plate to the outlet box and to the building structure at ends of the mounting plate prevent sagging.
- 2-Estimate height of fixtures and rods or cord needed to achieve this height.
- 3-Follow fixture directions for cord or rod preparation and installation.
- 4-For Rod installation fasten swivel to top of rod set.
- 5-thread wires or cord through the face plate of the ceiling plate.
- 6-prepare wires and connect them to building wiring as per instructions included with fixture kits.
- 7-Once wire connections are finished carefully tuck in wires and lift the face plate up to slide onto the two studs sticking down allowing them to protrude through the face plate.
- 8-Fasten the faceplate to the two studs protruding through it with the cylinder nuts.
