*Blower sold separately.

**CleanAir turns your hood on once every four hours for 10 minutes on speed one.

***10" round duct connects to external and in-line blower. Must transition from 10" to 8" before duct passes through ceiling. A 10" to 8" adapter is included with external and in-line blowers.

****AC power listed above is for hood with lights only. For blower specifications please refer to the blower spec sheet.

†Mounting height refers to distance between top of a 36" tall cooking surface and bottom of hood.

Specifications subject to change, check zephyronline.com for up-to-date information.
