INTERNAL BLOWER with ACT™
AIRFLOW CONTROL TECHNOLOGY™*
200 - 590 | 200 - 390 | 200 - 290

*AIRFLOW CONTROL TECHNOLOGY** (ACT**) is an exclusive feature built into specific Zephyr hoods which can limit the maximum blower CFM to meet local code requirements.

^{*}When ACT™ is enabled the maximum speed levels will change. ACT 590 CFM = 5 speeds, ACT 390 CFM = 4 speeds and ACT 290 CFM = 3 speeds.

Zephyr Connect App

Zephyr Connect App allows you to control your range hood from anywhere using your mobile device. It includes real time diagnostics and provides important product information. All you need is a WiFi connection with access to the internet. It seamlessly integrates with your smart devices such as Amazon Alexa or Google Home smart speaker for voice activation. Available to download from Google Play or the App Store.

Airflow Control Technology™ (ACT™)

is an exclusive feature built into specific Zephyr hoods which can limit the maximum blower CFM to meet local code requirements.

PowerWave™ 3-Phase Blower Technology

delivers best-in-class performance with unparalleled quiet operation. It provides more power while minimizing noise and improving efficiency.

^{**}Recirculating kit includes a return-air box which adds an additional 4" to the hood height. Recirculating kit is only compatible with single blower.
***Mounting height refers to distance between top of a 36" tall cooking surface and bottom of hood.
