KitchenAid®

KITCHENAID® TORRENT™ MAGNETIC DRIVE BLENDER

KSB5010

EXCEPTIONAL PERFORMANCE

- POWERFUL 2HP MOTOR* with Intelli-Speed™ motor control produces silky smooth to extra thick results.
- MAGNETIC DRIVE SYSTEM technology creates a new home blending experience. The pitcher slides in and out – just like a coffee maker – to create a low-profile design.
- 4 PRE-SET RECIPE PROGRAMS simplify blending with the push of a button. Each program (Juice, Soups/Sauces, Milkshakes, Icy Drinks/Smoothies) offers you the ability to slide in the jar, push the button and walk away.
- EXCLUSIVE DIAMOND BLENDING SYSTEM with a robust motor, unique one-piece, BPA-free patented diamond pitcher design, stainless steel blade and electronic controls combine to create a powerful blending system.
- SOFT START® FEATURE designed to help prevent splattering.

ENDURING DESIGN

- ADD-AS-YOU-BLEND INGREDIENT FEED allows for the addition of ingredients during the blending process, using a dishwasher safe measuring cup.
