

## KitchenAid Citrus Juicer for Stand Mixer

JE

With the KitchenAid JE Citrus Juicer you can enjoy freshly squeezed orange, lemon, lime or grapefruit juice. Simply turn the mixer to level 6 so that the reamer will maintain a fast and steady spin. Then press your fruit halves against it, and the juice pours out. All pulp and seeds are held back by the strainer basket as the juice flows into your pitcher.

- For use with all KitchenAid stand mixers
- Great for juicing lemons, limes, oranges, and grapefruit
- Special strainer keeps pulp in the juicer not in your glass
- Easily attaches to any KitchenAid stand mixer
- Plastic parts are dishwasher-safe on the top rack
- Easy to assemble and attach to the stand mixer
- Maintains fast and steady spin
