WU 4500 GrandCru
24" Wine Cabinet

LIEBHERR
Quality, Design and Innovation

This wine storage cabinet is ideal for storing wines for long periods of time allowing them to mature to perfection. Depending on what temperature the appliance is set at, it can also be used for keeping white or red wine at exactly the right temperature for serving. The **WU 4500** is the smart under counter solution that allows you to store at a temperature level between **+41° F and +68° F**. A specially developed compressor ensures that the wines are stored vibration-free. Since the wine cabinet ventilates through the toe kick, no counter slots are necessary and the cabinet can be integrated easily and elegantly into your kitchen. This unit also boasts a digital temperature display conveniently located at the top
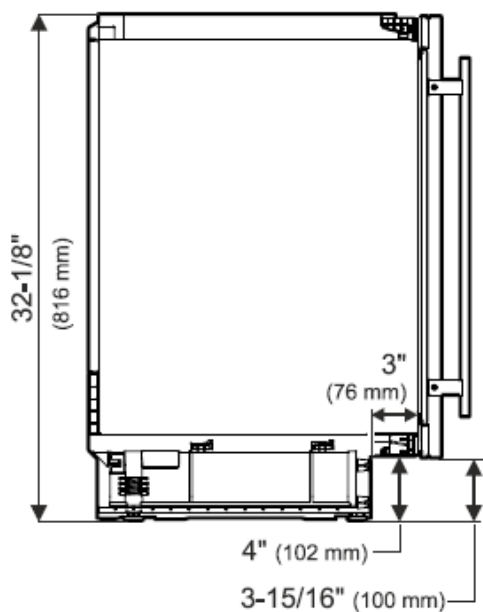

LED lightning
