## T13H Series - MultiChoice® Universal Pressure Balance Tub and Shower System

# T13H102

### Description

This polished chrome-plated fixture features a pressure balance cartridge that ensures a stable water flow and temperature. The temperature is controlled solely through the handle, which can be adjusted to limit rotation into the hot water zone. The cartridge also includes integral checks to prevent the mixing of hot and cold water. Rated for a minimum flow rate of 1.2 gpm @ 45 psi (4.5 L/min @ 310 kPa), this fixture comes with a non-removable blue/red visual cover indicator to indicate the handle positions for cold, mixing, and hot water. The ADA-compliant metal lever handle measures 3.375" (86 mm). It does not include a fixed shower outlet.

### Specifications

- Finish: Polished chrome plated
- Cartridge: Pressure Balance
- Temperature Control: Handle only
- Field Adjustable: Yes, to limit handle rotation into hot water zone
- Crossflow Prevention: Integral checks in cartridge prevent crossflow between Hot and Cold water inlets
- Cartridge Minimum Flow Rating: 1.2 gpm @ 45 psi (4.5 L/min @ 310 kPa)
- Handle Position Indicator: Non-removable Blue/Red visual cover indicator for Cold, Mixing, and Hot handle positions
- Handle #2: Metal Lever Handle, ADA-compliant, measuring 3.375" (86 mm) in length
- Fixed Shower Outlet: Not included

### Complies With

- ASME A112.18.1 / CSA B125.1
- Pressure Balance and Diverter lever handles are compliant to ICC / ANSI A117.1
- Pressure Balance Valve ASSE 1016
