Dimensions:

	Dim. A	Dim. B
YG0712	12.00	15.25
YG0718	18.00	21.25
YG0724	24.00	27.25
YG0736	36.00	39.25
YG0742	42.00	45.25

Materials:

Grab Bar posts and bars are constructed of stainless steel.

Installation Instructions:

1. Please note that screws MUST be mounted into a wood stud for secure installation.
2. Decide whether you would like to position your grab bar horizontally, vertically or at an angle, remembering that BOTH ends of the grab bar MUST be positioned over a wood stud (unless using secure mount anchors).
3. For easier installation and mounting remove 3 setscrews from each flange and remove bar from SecureMount™ Flange.
4. Remove cover and re-assemble flange to bar by tightening 3 set screws.
5. Place grab bar and mark three mounting locations on each of the two grab bar flanges with a pencil.
6. Drill 1/8 diameter pilot holes at each screw location. Make sure to drill into the stud.
7. Install 3 screws and washers each SecureMount™ flange and tighten until secure. If desired, apply silicone caulk to the back of the SecureMount™ plate to guard against water penetration.
8. After screws are installed each side, dis-assemble bar from SecureMount™ flange by removing set screws.
9. Re-install covers.
10. Place bar over SecureMount™ flanges and tighten all set screws.
11. Snap on covers.

Cleaning Instructions:

To preserve the fine finish of this product, clean only with a soft damp cloth. Dry well. Do not use commercial or abrasive cleaners.
