Silhouette®

THE RENOIR

Wine Displayer - SR001

PRODUCT FEATURES

Zeronext technology

Powered by Zeronext technology which provides 3 key benefits:

- Quiet: This system produces less than half the noise of a typical wine cooler
- Maintains a consistent temperature throughout the interior and stabilizes the temperature of the wine within 1/4 a degree*
- Vibration free zone: Virtually eliminates all the internal vibrations common in a typical wine cooler leaving your wine collection undisturbed

Storage temperature can easily be set between 12°C - 17°C with the digital thermostat.

Pocket doors

Pocket doors discreetly mounted in the side walls allow for easy removal of an individual bottle of wine without disturbing its neighbours, and a convenient door alarm will chime if the door is not fully closed.*

At under 10" deep this beautiful display can be mounted to any stable wall with minimal impact to space of the room.

The energy efficient LED lighting includes three settings: On, Off, or Motion Activated which illuminates the cabinet as people approach, then turns off automatically.

The triple pane Low E glass protects your wine collection from harmful UV light.

Note: Installation requires a minimum of 10" of clearance to the left and right of the unit and 10" above.

Picture Frame

This impressive unit also comes with a beautifully carved optional picture frame to suit any decor in any room.

*Where some see room for an appliance;
We see room for an experience*

PRODUCT DESCRIPTION

Would you leave an original Rembrandt in your basement to collect dust where no one could see it? Then why store a bottle of Chateau Lafite or any of your most prized wine in a place that goes unnoticed. Our contemporary wine display showcases each and every bottle from the outside. Named after the late French painter Pierre-Auguste Renoir, the *Silhouette Renoir* is the industry's first solid-state wine display with looks rivaling that of the world's most beautiful works of art. Don't just collect wine; showcase your collection with a functional wall-mounted display.**

* Professional Installation Required. Must be secured to a structurally sound wall with mounting bracket.
*Not for residential use in the state of California
